

Declaration Fire Safety Regulation Building Permit Requirements

DEPARTMENT OF PLANNING AND BUILDING SERVICES 707 Nevada Street, Suite 5 · Susanville, CA 96130-3912 (530) 251-8269 · (530) 251-8373 (fax) www.co.lassen.ca.us

Execution of this document is required prior to the issuance of any building permit for a new structure, addition to an existing structure, or for any other permit identified by the County Fire Warden or Planning and Building Services Department. The intent is to document, as accurately as possible, the requirements for the issuance and completion of the identified building permit. Information regarding specific requirements can be found in the bulletin titled "Summary of Fire Safety Standards" which is available upon request. The Lassen County Fire Safe Regulations (County Code Chapter 9.16) and Fire Safe Regulations (California Code of Regulations section 1270 et seq) apply if there is any inconsistency with this document, as identified by the Fire Warden.

Lassen County Fire Warden's Office California Department of Forestry and Fire Protection 697-345 Highway 36 Susanville, CA 96130 Office: (530) 257-4171

APPLICABLE STANDARDS (check the applicable box showing the intended compliance with the requirements detailed in the Lassen County and State of California Fire Safe Regulations):

| 1. | Road I | ad Requirements: | | | |
|----|---|---|--|--|--|
| | The road connecting to the driveway to the project site is (name) | | | | |
| | (identi | (identify private or public). The following requirements apply unless the road is public, in which case the | | | |
| | applica | pplicant is not responsible: | | | |
| | | Two 10-foot wide lanes; or | | | |
| | | One 12-foot wide lane, if road is one way (not including shoulders and striping). | | | |
| | | Designed and maintained to support at least 70,000 pounds and provide an aggregate base. | | | |
| | | Have a grade of no than 16% unless an exception for up to 20% is approved. | | | |
| 2. | Driveway Requirement: | | | | |
| | | 10-foot width, 14-foot horizontal clearance, 13.5-foot vertical clearance. | | | |
| | | Able to support at least 40,000 pounds | | | |
| | | Serves no more than two parcels with no more than two residences on each (or meet the above road | | | |
| | | requirements.) | | | |
| 3. | Turnarounds and Turnouts: | | | | |
| | | 40-foot radius required on all dead-end driveways (see Figures "A" and "B" of County Code section | | | |
| | | 9.16.160 or the bulletin titled "Summary of Fire Safety Standards"); or | | | |
| | | Hammerhead "T" at least 60 feet wide at top. | | | |
| | | Driveways 150 to 800 feet in length must have a turnout near the center and those over 800 feet in | | | |
| | | length must have turnouts no further than 400-feet apart. | | | |
