

**STATEMENT OF CANDIDATE FOR  
COUNTY SUPERVISOR, DISTRICT 2**

---

**THOMAS ALEXANDER HERRERA**

**Occupation: Business Owner   Age: 32**

My name is Thomas Herrera. I'm a proud father, husband, and business owner in Susanville. As the owner of the "Highway to the Gaming Zone," if I've learned one thing in business, it's that if something isn't working, you don't keep doing it. Our county needs change.

Since 2020, I have served on the Susanville City Council. We have done a lot in the last few years: we fought hard to keep open, we brought the city back from bankruptcy, we settled with the police officers who were wrongfully terminated by a previous council, and we successfully fought to pay our officers more. They are no longer the lowest paid in the state. We're finally cleaning up blight and working to expand our economy.

Our county needs that same attention. Our sheriff's deputies need better funding and better wages, our economy needs more small businesses, and our residents need a transparent and fiscally responsible board. Being a good supervisor requires more than just sitting around in an office all day and waiting for residents to call. It requires being proactive and engaging the community. It requires serving every resident equally. It'd be an honor to be Your Supervisor.
