Jennifer Branning mentioned that the JLAC audit findings were found wrong as they looked at all the realignment funds as CCP when they should be split out. So it was great that our County was able to get all the realignment funds split out into separate funds.

They came to the Probation All Staff Meeting and gave an update and information on when they come to the area. They cover 5 northern counties and mostly works out of Tehama. They come once a month and reach out to the resources in person. Probation is looking at joining those meetings for PRCS as well and work together. Probation has approx. 300 people on probation. Increase of Sex Offenders on Parole, 10 parolees at large, a couple on EM, quite a few that keep violating causing major concern.
