TO: THE HONORABLE W. C. JACOBSEN, DIRECTOR OF AGRICULTURE				
THE HONORABLE BOARD OF SUPERVISORS OF LASSEN COUNTY				
Bureau of Land Management				

Section 65.5 of the California Agricultural Code requires that the Agricultural Commissioner compile a report covering conditions, acreage, production, and value of the Agricultural products of his county.

This fourteenth annual crop report is the average gross prices received by the farmers of this county for their commodities.

There was a reduction of \$2,185,520.00 less than last year, and again the drop was in the production of lumber. Practically all the farm commodities showed an increase over last year.

We wish to express our sincere appreciation to those who helped to make the compilation of this report possible.

Respectfully submitted,

Ernest E. Fix
