About Lassen County

Located in Northeastern California, Lassen County is the eighth largest county in the state geographically and the 47th in terms of population. The incorporated city of Susanville is the County seat, where a community of 10,000 is set in the scenic upper Honey Lake Valley, against a backdrop of forested mountains of the Northern Sierra Nevada and Southern Cascade ranges, and high desert to the east.

Lassen County affords unlimited outdoor recreation and sporting activities for residents and visitors. Attractions include: trophy trout fishing and water sports at nationally renowned Eagle Lake, the second largest natural lake in California; abundant hunting opportunities; the scenic Bizz Johnson Trail, a 25-mile long converted rail route between Susanville and historic Westwood which attracts mountain bikers, hikers, cross country skiers and fly fishing enthusiasts, and is the setting for the annual Boston qualifier Bizz Johnson Marathon.

The Susanville Ranch Regional County Park located adjacent to Susanville offers twenty-nine miles of single track. Non-motorized multi-use trails wind through canyons, around meadows, and up into the hills in this uncrowded and unspoiled park. **www.susanvillerranchpark.com**

The Lassen County Arts Council sponsors music, drama and fine arts events throughout the year, and the annual Best of Broadway production features outstanding local talent. Susanville even supports its own symphony. Driving to regional destinations is surprisingly easy since traffic gridlock is not a local way of life. Extensive entertainment, shopping and an international airport in Reno are less than 90 minutes away. North Lake Tahoe ski resorts are within two hours. Driving time to Sacramento is usually under four hours and the Pacific Ocean at Eureka is about five hours away.

Residents of Lassen County enjoy a friendly rural mountain environment, outstanding family-oriented recreation including many youth sports programs, and excellent schools. The cost of living and housing prices are lower in Lassen County than in most other regions of the state.
